

Allium nigrum

Unlike most alliums which are purple and ball-shaped, *Allium nigrum* features dome-shaped, white flowers with green centers. The upward-facing flowers on 30-inch stems seem to float like small clouds over the early summer garden. Available from Colorblends.com, a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners coast-to-coast with a minimum order of \$60. See Colorblends.com or call 1-888-847-8637.
