

Allium 'Purple Sensation'

Allium 'Purple Sensation' is best planted in clusters in a perennial or mixed border. Its four-inch purple flowers are ball-shaped, borne atop sturdy 30-inch stems. 'Purple Sensation' blooms in very late spring. It is the earliest garden allium to come into color, making it a good companion for the latest-blooming tulips. Available from Colorblends.com, a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners coast-to-coast with a minimum order of \$60.
