

## **Allium moly**

Allium moly offers a very different look in alliums. Its stems are just 12-inches tall, its two-inch flower heads are a bright sunny yellow, and its blue-green foliage is good-looking and part of the show. Alliums bloom in very late spring. Available from [Colorblends.com](http://Colorblends.com), a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners coast-to-coast with a minimum order of \$60.
