

Amaryllis 'Rosalie'

For an indoor cutting garden, consider growing three amaryllis bulbs in one large pot. The compact winter display can produce up to 9 flower-topped stems, enough to spare some for the vase. Cut amaryllis flowers can last a week to 10 days in the vase. For longest vase life, retrim stem ends every few days to refresh their water uptake channels. Large, top-quality amaryllis bulbs are available at wholesale prices from Colorblends.com, with a minimum order of \$60. Visit Colorblends.com or call 1-888-847-8637.
