

Amaryllis Cutting Garden, 3 Bulbs in One Pot

For a cutting garden indoors in mid-winter, consider growing three amaryllis bulbs in one good-sized pot. Three big bulbs can produce a total of six to nine stems of flowers, in succession. That's plenty to cut for the vase, while still leaving lots to enjoy in the pot. Quality amaryllis are available from Colorblends.com, a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners nationwide, with a minimum order of \$60. See Colorblends.com or call 1-888-847-8637.
