

Camassia with Daffodils

Camassia bloom in late spring, thriving in damp sunny locations. The native American beauties have periwinkle blue flowers arrayed loosely on three foot spikes. Camassia naturalizes well and, typically, deer do not bother them. Available from Colorblends.com, a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners coast-to-coast with a minimum order of \$60. See Colorblends.com or call 1-888-847-8637.
