

### **Colorblends Blend Hokus Crocus**

Colorblends Blend Hokus Crocus mixes purple, white and purple-white striped varieties. It blooms in very early spring. Once planted in a sunny site where the soil drains well, crocus can naturalize and multiply over time. To plant into the lawn, a random effect looks best. Available at Colorblends, a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners nationwide with a minimum order of \$60.
