

Colorblends Blend Hokus Crocus

Colorblends Blend Hokus Crocus features purple, white and purple-white striped crocus varieties. It's a very good value. Once planted in sunny sites where soil drains well, crocus can naturalize, multiply over time, and come back to re-bloom each spring. Crocuses are particularly effective when planted into lawns. After bloom, their grassy foliage blends right in. Colorblends is a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners coast-to-coast, with a minimum order of \$60. See Colorblends.com or call 1-888-847-8637.
