

Colorblends Daffodil Blend Sunshine Boys, on Slope

Colorblends Daffodil Blend Sunshine Boys has staying power in the early spring landscape. Plant the bulbs in tight mass displays (especially effective on slopes) or plant them in loose clusters (great in lawns or garden beds). Bulbs planted in well-drained soil in sunny spots and left undisturbed after bloom, often bloom each spring, year after year. All daffodils are deer and rodent proof -- animals will not eat them. Colorblends is a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners coast-to-coast with a minimum order of \$60. See Colorblends.com or call 1-888-847-8637.
