

### **Colorblends Woodland Blend**

Colorblends Woodland Blend combines early blooming flower bulbs suited to long-term residence in the shade of deciduous trees. All they need is well-drained soil and plenty of sunshine in spring. The mix features deer- and rodent-proof miniature yellow daffodils plus other bulbs typically avoided by foraging mammals (though the crocus may succumb where interest is intense). Colorblends is a wholesale resource for top-quality flower bulbs. The Connecticut-based firm sells direct to landscape professionals and home gardeners coast-to-coast with a minimum order of \$60.
