

Grow Amaryllis Blooms in Winter

Large amaryllis bulbs sized 32- to 34-cm in circumference grow two or three stems in succession, with each stem topped by at least four flowers. With so many stems, why not cut a few for the vase? Amaryllis are available from Colorblends.com, a Connecticut flower bulb wholesaler that sells direct to consumers and landscape professionals nationwide with a minimum order of \$60. See Colorblends.com or call 1-888-847-8637.
