

Daffodil 'Erlicheer'

Narcissus 'Erlicheer' is a double daffodil that blooms like mad in midseason, carrying 6 to 12 flowers per stem. The flowers are intensely fragrant, with a sweet scent. This longtime favorite was bred in New Zealand prior to 1934. It grows well in the South and on the West Coast, but is less suited to cold winter climates. Available from Colorblends, a Connecticut-based flower bulb company that sells direct to landscape professionals and home gardeners coast-to-coast, with a minimum order of \$60. See Colorblends.com or call 1-888-847-8637.
