

### **Daffodil 'Frosty Snow'**

Narcissus 'Frosty Snow' is a charming white daffodil with a bit of mystery. When the flower opens, its rounded white petals surround a broad yellow cup with ruffled edges. As the days pass, the yellow begins to retreat. Where initially it fully covered the cup, soon yellow only rims the cup, then it vanishes entirely. Details: height 16 to 18 inches, bloom time early-mid season, plant in well-drained soil in full sunlight. Available from [Colorblends.com](https://colorblends.com), a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners coast-to-coast, with a \$60 minimum.
