

Daffodil 'Accent'

Daffodil 'Accent' was one of the very first pink-cupped daffodils. Introduced in 1960, it's still prized for its bright white petals and salmon-pink cup. An excellent landscape variety, it stands 14- to 16-inches tall and blooms in early-mid season. Available from [Colorblends.com](https://www.colorblends.com), a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners nationwide, with a \$60 minimum.
