

Daffodil 'Barrett Browning'

Narcissus 'Barrett Browning' is a longtime favorite, introduced in 1945. It's an excellent naturalizer and performs well in the North and the South, including Southern coastal areas. Its small orange cup turns yellow at the center over time. No other early-blooming daffodil has this coloring. It grows 14 to 18 inches tall. Available from Colorblends.com, a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners nationwide, with a minimum order of \$60. See Colorblends.com or call 1-888-847-8637.
