

Daffodil 'Barrett Browning'

Daffodil 'Barrett Browning' is an excellent variety for naturalizing and a good choice for all parts of the country, including southern coastal areas. The flower combines broad, bright white petals and a small orange cup that turns yellow at the center over time. No other early-blooming daffodil has this coloring. It grows 14- to 18-inches tall. This long-time favorite was introduced in 1945. Available from Colorblends.com, a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners nationwide, with a \$60 minimum. See Colorblends.com or call 1-888-847-8637.
