

Daffodil 'Bella Estrella'

Narcissus 'Bella Estrella' is a charming beauty with broad white petals and a small ruffled yellow cup. Its lovely sweet fragrance gives a hint of its parentage featuring a jonquil crossed with a split corona variety daffodil. 'Bella Estrella' stands 14 to 16 inches tall and blooms in early-mid season. This strong bloomer often produces two flowers per stem. Available from Colorblends.com, a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners nationwide, with a \$60 minimum.
