

Daffodil 'Carlton'

Daffodil 'Carlton' is a Large Cup daffodil variety that blooms in early-mid spring. It's known for its knack for naturalizing in most growing conditions, including northern states and the Deep South. The two-tone flowers have yellow petals and a large golden-yellow cup with a frilled rim. It grows 14- to 16-inches tall. This longtime favorite was introduced in 1927. Available from [Colorblends.com](https://colorblends.com), a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners nationwide, with a \$60 minimum. See [Colorblends.com](https://colorblends.com) or call 1-888-847-8637.
