

Narcissus 'Cassata'

Narcissus 'Cassata' is a split corona variety with a changeable look that's quite showy, whether viewed up close in a border or from afar in landscape plantings. When the split cup opens, its color is bright yellow. Over time, the color softens to buttery yellow, then ivory-white. It blooms in early spring and grows 13- to 15-inches tall. Available from [Colorblends.com](https://colorblends.com), a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners nationwide, with a \$60 minimum. See [Colorblends.com](https://colorblends.com) or call 1-888-847-8637.
