

### **Daffodil 'Erlicheer'**

Narcissus 'Erlicheer' is a double daffodil that blooms like mad in midseason, carrying 6 to 12 flowers per stem. The sweetly-scented flowers are intensely fragrant. This longtime favorite was bred in New Zealand prior to 1934. It grows well in the South and on the West Coast, but is less suited to cold winter climates. Available from Colorblends, a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners coast-to-coast, with a minimum order of \$60.
