

Daffodil 'Segovia'

Narcissus 'Segovia' has dainty flowers that are rather flat, with white petals surrounding small chartreuse cups. The stems are unusually short so the flowers appear to be floating atop the grassy stems. It is suited to dense planting in a naturalistic setting or between shrubs and blooms in early-mid spring. Available from [Colorblends.com](https://colorblends.com), a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners nationwide, with a minimum order of \$60.
