

## **Glory of the Snow, Chionodoxa**

Glory of the Snow (aka Chionodoxa) is an early blooming bulb flower with starry, lavender-blue blossoms with white centers. An excellent naturalizer when planted in soil that drains well, it is suited to growing in garden beds, lawns, woodland areas and rock gardens. Left undisturbed in sun or light shade, Glory of the Snow often self-sows, eventually forming a dense carpet of blooms. They are deer and rodent resistant. Foraging animals generally avoid them. Available from [Colorblends.com](http://Colorblends.com), a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners coast-to-coast with a \$60 minimum. See [Colorblends.com](http://Colorblends.com) or call 1-888-847-8637.
