

## **White-on-White Color Scheme**

MJ McCabe Garden Design created a white garden to complement the addition a new garage to an elegant 1909-built home. It features a latticed wall, fountain and cobbled paving. Boxwood hedging and dwarf crabapple trees anchor the garden beds. The white-on-white color scheme is appealing spring through fall. In spring, tulips and dwarf daffodils set the tone. After they fade, alliums bloom, followed by groundcover plantings of summer-blooming Scaevolia and Euphorbia. In fall, Anemone japonica joins in. For more on combining spring bulbs and perennials, visit [BulbDesignNotes.com](http://BulbDesignNotes.com), a garden design project from [Colorblends.com](http://Colorblends.com).
