

Pink Lily-Flowered Tulips - Jacqueline van der Kloet/Colorblends.com

Jacqueline van der Kloet features two lily-flowered tulip varieties in a mixed spring border. The two are nearly identical in look with one major difference. Tulipa 'Jacqueline' grows to a height of 23-inches tall, while T. Mariette' tops out at 18 inches. Says van der Kloet, it is exactly that difference in height that gives the design a gentler look. For more on combining spring bulbs and perennials, visit BulbDesignNotes.com, a garden design project from Colorblends.com.
