

A Tapestry of Spring Color – Jacqueline van der Kloet/Colorblends.com

Dutch garden designer Jacqueline van der Kloet combines an intricate mix of flower bulbs, biennials, perennials and shrubs in a spring garden designed to bloom in an evolving tapestry of color from early spring into early summer. In mid-late spring, three varieties of daffodils and four of tulips are in bloom, along with wallflowers and blue-flowered lithodora. For more on combining spring bulbs and perennials, visit BulbDesignNotes.com, a garden design project from Colorblends.com.
