

### **Plant Amaryllis 3-to-Pot**

Here's a fun way to grow amaryllis this winter: plant three bulbs in one pot, instead of the usual one. The resulting display produces stems and blooms in abundance, enough to encourage cutting some for the vase. Three big bulbs, sized 32- to 34-cm, can yield a total of 24 to 36 flowers. Large, top quality amaryllis bulbs are available at wholesale prices from [Colorblends.com](http://Colorblends.com) with a minimum order of \$60.
