

Striped Squill, *Puschkinia scilloides* var. *libanotica*

Striped squill (aka *Puschkinia scilloides* var. *libanotica*) is a lesser-known bulb flower that produces abundant, bell-shaped flowers with white petals marked by thin stripes of bright blue. Plant the bulbs in sunny spots in the garden or into grass. Though only 5 to 7 inches tall, their bright flowers have big appeal in early spring. Available from [Colorblends.com](https://colorblends.com), a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners nationwide, with a minimum order of \$60. See [Colorblends.com](https://colorblends.com) or call 1-888-847-8637.
