

### **Three Amaryllis Bulbs, One Pot CU**

For a compact indoor bloom display or cutting garden in mid winter, consider growing three amaryllis bulbs in one good-sized pot. Three big bulbs can produce a total of six to nine stems that flower in succession. That's plenty to cut for the vase, while still leaving lots to enjoy in the pot. Quality amaryllis bulbs are available from [Colorblends.com](http://Colorblends.com), a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners nationwide, with a minimum order of \$60. See [Colorblends.com](http://Colorblends.com) or call 1-888-847-8637.

For premium varieties of amaryllis bulbs in huge sizes, at wholesale prices, see [Colorblends.com](http://Colorblends.com), or call 888-847-8637.
