

Tulip 'Akebono'

Tulip 'Akebono' is a glorious tulip from Japan that blooms in mid-late spring. "The semi-double flowers are big, but their pale yellow coloring, often touched with red and green, gives them surprising lightness and grace," says Christian Curless, horticulturist for Colorblends. "In Japanese, the name means bright sky at daybreak." Colorblends is a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners coast-to-coast, with a minimum order of \$60. See Colorblends.com or call 1-888-847-8637.
