

Tulipa turkestanica

Tulipa turkestanica is a multi-flowering tulip that produces four to eight small, white flowers per stem. Details: eight- inches tall, blooms early mid spring, fragrant, USDA Zones 3-7 (pre-chill 7b-10), native to Turkestan. Available from Colorblends, a Connecticut-based flower bulb wholesaler that sells direct to landscape professionals and home gardeners coast-to-coast with a minimum order of \$60. See Colorblends.com or call 1-888-847-8637.
