

'Kew Gardens'

English Rose 'Kew Gardens' is an unusual English rose with five-petalled, single flowers clustered in very large heads. The small flowers are pure white with a hint of soft lemon behind the gold stamens. 'Kew Gardens' is extremely healthy and nearly thornless. Its masses of white roses blanket the bush in blooms, somewhat like snow in summer. Repeat-flowering. RHS "Award of Garden Merit." (David Austin 2009, Ausfence).
